

To link a FAMAuth Account to a User

1. Launch your internet browser, type <https://famauth.wildfire.gov/> in the Address Bar, then press [Enter].
2. Authenticate to the FAMIT Dashboard **using either eAuthentication or Login.gov** depending on which one you have. If you have both, use eAuth.
3. Select Application Tile – Select the tile of the application you need access to **whose authorization is managed through FAMAuth**.
4. Enter your email. If a user already exists with this email, a **PIN** will be emailed to you. Upon successful PIN entry, your FAMAuth account is linked to your user.
5. Request Access - **if you don't have** a user, click the **request access** link. See the Quick Reference Card "Requesting a User" for more info on requesting access as a new user.
